Why?

Problem

About **90%** of investors lose money trading stocks. Some of this is down to inexperience and poor timing while others are drawn to trading gurus and "get rich quick" schemes.

Solution

We tackle this issue head-on using market-leading trading data, AI-powered insights, and powerful tools that allow users to quickly and easily build trading strategies and refine their approach within seconds.

Benefits

We believe it's critical for all traders to be able to harness the power of the stock market and make informed investment/trading decisions while minimising the risks and uncertainty involved.
